

# XK3192-3000

The XK3192-3000 precision measuring instrument has stable performance and can easily set parameters, check status, program and calibrate. It has the advantages of high product adaptability and easy operation.

Analog input and A/D	
Accuracy	C3
A/D switch mode	$\Sigma$ - $\Delta$
A/D switch speed	100 times / second
A/D resolution	2000000 max
Load cell excitation	5V, ,max 100mA (8 pcs of 350 $\Omega$ load cells)
Working environment and safety performance	
Power supply	AC220V,50 $\pm$ 1Hz
Working temperature	-10 $^{\circ}$ C to +40 $^{\circ}$ C
Storing temperature	-30 $^{\circ}$ C to +75 $^{\circ}$ C
Cover	ABS
Weight	About 1kg
Outside dimension	220mm x 160mm x 140mm
Features	
1	Digital calibration
2	High precise A/D switch
3	Port: RS232
4	Weight channel: 6 channels
